

FEATURES AND SPECIFICATIONS

1U 24 Port Unloaded DataGate™ UTP Patch Panel

Features and Benefits

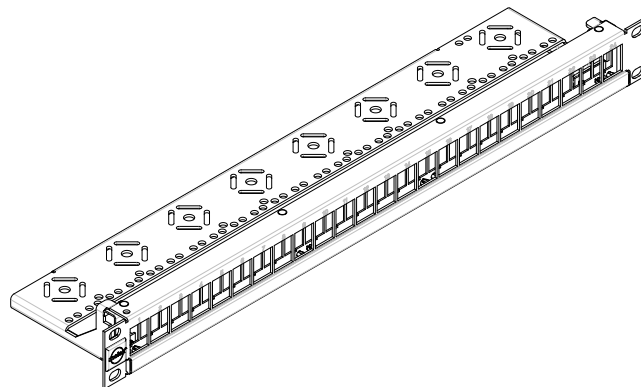

The 1U 24 Port Unloaded DataGate UTP Patch Panel is shipped unloaded and can be configured to provide exact number of modular ports. This panel is ideal for use with the Molex 4 Pair Termination Tool where DataGate Cat 5e or Cat 6 UTP jacks are first terminated to cable and then snapped into patch panel. The patch panel and rear cable manager are constructed of cold-rolled steel for strength and durability.

- Available in 1U 24 Port
- Easy snap in DataGate UTP Jacks (sold separately)
- Modularity provides installation flexibility
- Front port labeling
- Individually removable patch panel ports
- Removable cable management shelf ensures bend radius compliance
- ANSI and metric hardware kit included
- Ideal for use with Molex 4 Pair Termination Tool or industry standard 110 punch down tool
