ScanPole As, Linjevn. 47, N-2344 ILSENG NORWAY

13

Dop: SPAS06

EN 14229

Product identification: Wooden pole
Wood species: PS (Pine)

Intended use: Overhead line construction

Bending strength (MOR): 37.1 N/mm²

Modulus of elasticity (MOE): 9433 N/mm²

Release of dangerous substances: www.scanpole.com

Durability: Treated against biological attack.
Timber treated with Biocides.

Retention: 90 kg/m³

Penetration class: NP 5

Durability class: UC4

Type of preservative: Pole Protect OS-320
