FOCUSING HYBRID HEADLAMP
7 638 900 448 207

The Energizer HYBRID FOCUS HEADLAMP is a headlight designed and featured for Professional users. This Waterproof, Dustproof, Multi-colored Headlamp is another innovative headlamp solution within the extensive headlamp line.

Featuring bright, durable and energy efficient **LED technology** (12 X Brighter than Standard LED), users get a bright, lightweight, hands-free solution with ample run time capability thanks to Lithium Ion batteries or use of standard AAA batteries. It is a perfect light for work and outdoor activities. Featuring patented **Digital Focus**, users can easily broaden or narrow their field of vision with a simple button press. With a comfortable, adjustable head strap with silicone bands to be fixed on any helmet, with an **anti-glare design, and pivoting head** to direct light exactly as needed, this headlamp is another way Energizer[®] continues to deliver innovative lighting solutions.

Features

Benefits

	<p>Hybrid Power. Onboard with L-ion battery + cartridge for primary battery</p>	<p>Never run out of power with Lithium Ion. It can be recharged hundreds of times and will save you money and waste. Cartridges allow you to be ready if you need more time, as a complementary solution using AAA Alkaline or lithium batteries. USB C allows fast charging. Color indications will inform about remaining power (Green >50%; Yellow >25%; Redflash <10%).</p>
	<p>Robust torch with 2 m drop test resistance and a Rechargeable battery, 3 m with primary battery</p>	<p>No worries. Your products will always be usable if dropped.</p>
<p>HIGH CRI</p>	<p>90+ CRI LED 5000 Kelvins 500 Lumens</p>	<p>The color rendering delivered by the premium LED is close to natural color (12 x more than standard LED). It will ease your work in the dark, allowing you to see the colors and relief perfectly. The color is more comfortable for your eyes.</p>
<p>6 MODES</p>	<p>3 LED = large beam with wide surrounding halo</p>	<p>An outstanding homogeneous halo will light a very large beam and great surrounding light to move around safely. Max beam distance is about 100 m. You will appreciate the great color rendering with High CRI LED.</p>
	<p>Several power modes: High - Medium - Low - Strobe - Digital focus</p>	<p>Will allow you to adjust the intensity to your need and save power to optimize your run time and comfort. Digital focus will adjust the field of vision. Flashing mode will allow you to communicate with colleagues (arrived, issue..).</p>
<p>IP67</p>	<p>Waterproof (IP67) and Dustproof</p>	<p>Allows you to use your headlight in any weather or environmental conditions. Can last 1 hour in up to 1 m of water. Resistant to dust.</p>
	<p>Made for Professionals with anti-grease material, silicone layers on the head band + helmet attachments.</p>	<p>Professionals will enjoy the design of this headlight. Built with professionals in mind, this headlight will perfectly fit either on any head or on all helmets. Built with large, comfortable and anti-perspirant material, the strap has 2 silicone layers allowing a perfect fit on any helmet. 4 attachment accessories also allow for a perfect fit. Heavy headlight users will appreciate having batteries on the back. It balances the weight perfectly, reducing neck issues.</p>
