

# RM35 Digital cable length measuring device

Versatile for cables with Ø 2 mm to 32 mm

Item no.: 10172

### Application examples

Scope of delivery – RM35 including extensive accessories (Item no. 10172, 10184, 11143)

- A RM35 Digital cable length measuring device
- B RUNPOTEC system case with case insert for RM35
- C Mountingplate RM35
- D Mountingplate system case
- E Belt with clip-system
- F Connecting pad
- G Multi jaws RM35 – round
- H Guide jaws RM35
- I USB-C charger cable

### DATA

ITEM NO.	<b>10172</b>
DIMENSION RM 35	L 160 mm x W 125 mm x H 97 mm
DISPLAY	1.5" LCD display (with backlight)
CABLE Ø	from Ø 2 mm - 32 mm
UNIT OF MEASUREMENT	meters/feet
POWER SOURCE	Lithium Ion battery - continuous operation 100 hrs. (without lighting)
PROTECTION RATING	IP 44
WEIGHT RM 35	0,95 kg
TOTAL WEIGHT	3,64 kg (RM35 + accessories + system case)
EAN-CODE	9120045476583

### DESCRIPTION

The RM35 is a digital cable length measuring device which can be used to precisely measure cables, single conductors, ropes, pipes or hoses with a diameter of Ø 2 mm to Ø 32 mm. It is splashwater resistant- and dust resistant, extremely shock-resistant and thus ideally suited for the jobsite. The RM35 has 2 totalling buttons which can be used to add up the measured values as you work. A countdown function is also included, which can be used to measure predetermined cable lengths. The RM35 is equipped with a lithium-ion battery that has an extremely long runtime (100 hrs. continuous operation without backlighting). The battery can be charge using the integrated USB-C charging socket. The RM35 is perfectly stowed in the RUNPOTEC system case, which is also compatible with Sortimo cases. The RM35 can be easily connected to the X BOARD XB 300, XB 500, XB 500 T cable unwinding system via the supplied belt and clip system. Alternatively, this belt can also be fixed to the connecting pad, thereby offering a fixation option for all conventional rolling systems.

**Application video:** you can watch a short, very informative application video by scanning the QR code or on [www.runpotec.com](http://www.runpotec.com).

**Scope of delivery:** 1x RM35 digital cable length measuring device, 1x RUNPOTEC system case, 1x belt with clip system 1200 mm, 1x connecting pad, 1x mountingplate RM35, 1x mountingplate system case, 2x guide jaws gray (Ø 12 mm / 18 mm), 2x guide jaws red (Ø 6 mm / 24 mm), 1x multi jaws RM35 – round, 1x USB-C charger cable, 1x EURO power plug

### ADVANTAGES

- Suitable for construction sites  
Splash water & dust protected  
Impact and breakage protected
- For versatile use with cables of Ø 2 mm - 32 mm, single conductors, ropes, pipes
- Compatible with all unwinding systems
- For measuring lengths with cable pulling systems
- Easy to use  
Totalling function  
Countdown function with signal

DATA	
ITEM NO.	<b>20708</b>
CASE DIMENSIONS EXTERIOR	W 405 mm   L 440 mm   H 136 mm
SUITABLE FOR	RM35 Digital cable length measuring device
MATERIAL	PP plastic   knock and impact proof
WEIGHT	1,78 kg
EAN-CODE	9120045475340

### DESCRIPTION

The RUNPOTEC Systemcase with case insert for RM35 is perfect for storing and transporting the RM35 Digital cable length measuring device including accessories. One advantage is the fast click system, which allows the boxes to be connected to each other without effort and disconnected again at the push of a button. The boxes are easily stackable thanks to the quick click system. The W-BOXX can be seamlessly integrated into the **Sortimo Globelyst system**. The high-quality and lightweight W-BOXX made of PP plastic is impact and shock resistant and splash-proof.

**Scope of supply:** 1 x system case with RM35 case insert (without contents)

### ADVANTAGES

- Stackable with click system  
Simple and quick connection and disconnection of the boxes
- Sortimo® compatible
- PP plastic  
Impact and shock proof
- Splash proof
- Lightweight
