

One Step Cable Preparation

DDT Dual Drop Trimmer

- Small Combo Body design that allows cable preparation of 59, 6, N48 and 11 coax cable (std, tri and quad) without any adjustment or blade cassette change out.
- One Step Cable Preparation precisely exposes the center conductor by 5/16" (7.93mm) and removes the proper length of jacket at 1/4" (6.35mm).
- Built-in Strip Stop for precise preparation every time.
- Lightweight, impact-resistant "High-visibility" yellow polymer construction.
- DDT can be supplied with a Mini Coax Cable Cassette in place of 11 cassette. See table for models available.
- Superior Quality Tool Steel Blade Cassettes will perform 1,500+ preparations under normal use.
- Blade cassettes are color coded and marked with cable series type for easy identification.
- Note: Tool is not intended for Plenum Series Cable Construction.
- US Patent No. 5,713,132
- Length: 3.63in (92.08mm)
- Weight: 2.0oz (57g)

CATV Telecommunications

Cablematic® offers quality cable preparation tools for the CATV, Telecommunications and Wireless industries. Cablematic tools prepare trunk and distribution cables in addition to drop and messengered cables. The Cablematic product line includes coring and stripping tools, drop cable trimmers and compression and crimp tools for all kinds of drop and messengered cables and associated connectors.
