

L-CCMB-600-40B

This is a part which has the custom connector, the strain relief carabiner, 40m of cable, strain relief thimble at the light end and a replacement cable gland. It's a spare part for use when a customer damages a cable.

Technical information for this product:

Kabel lengde: 40m

DC Kontakt: PL-CMB-600

Kabelmantelmateriale: TMPU

Kabelflettemateriale: Kevlar

Kabelisolering: EPR

Leder: 1.5mm² klasse kobber

Kabel ytterkappe: Nylon

Godkjent kabelspenning: 600/1000V

Passer kabel OT: 10,5mm

And the original English version if it helps is:

Cable Length: 40m

DC Connector: PL-CMB-600

Cable Sheath Material: TMPU

Cable Braid Material: Kevlar

Cable Insulation: EPR

Conductors: 1.5mm² Class 6 copper

Cable Gland Material: Nylon

Cable Voltage Rating: 600/1000V

Fits Cable Diameter: 10.5mm
