# Data sheet

CONTACTOR, AC-3, 4KW/400V, 1NC, DC 24V, COM. CAPABILITY 3-POLE, SZ S00 SPRING-LOADED TERMINAL

| product brandname        | SIRIUS          |
|--------------------------|-----------------|
| Product designation      | Power contactor |
| Product type designation | 3RT2            |

| General technical data  |                           |
|---|---------------------------|
| Size of contactor   | S00                       |
| Product extension   |                           |
| <ul> <li>function module for communication</li> </ul>         | Yes                       |
| Auxiliary switch  | Yes                       |
| Insulation voltage  |                           |
| • rated value   | 690 V                     |
| Surge voltage resistance rated value                          | 6 kV                      |
| maximum permissible voltage for safe isolation                |                           |
| <ul> <li>between coil and main contacts acc. to EN</li> </ul> | 400 V                     |
| 60947-1   |                           |
| Protection class IP   |                           |
| • on the front  | IP20                      |
| • of the terminal   | IP20                      |
| Shock resistance at rectangular impulse                       |                           |
| • at DC   | 6,7g / 5 ms, 4,2g / 10 ms |
|   |                           |

| Shock resistance with sine pulse                              |                            |
|---|----------------------------|
| • at DC   | 10,5g / 5 ms, 6,6g / 10 ms |
| Mechanical service life (switching cycles)                    |                            |
| of contactor typical  | 30 000 000                 |
| of the contactor with added electronics-                      | 5 000 000                  |
| compatible auxiliary switch block typical                     |                            |
| of the contactor with added auxiliary switch                  | 10 000 000                 |
| block typical   |                            |
| Ambient conditions  |                            |
| Ambient temperature   |                            |
| <ul><li>during operation</li></ul>                            | -25 +60 °C                 |
| <ul><li>during storage</li></ul>                              | -55 +80 °C                 |
| Main circuit  |                            |
| Number of poles for main current circuit                      | 3                          |
| Number of NO contacts for main contacts                       | 3                          |
| Operating voltage   |                            |
| <ul> <li>at AC-3 rated value maximum</li> </ul>               | 690 V                      |
| Operating current   |                            |
| ● at AC-1 at 400 V  |                            |
| — at ambient temperature 40 °C rated value                    | 22 A                       |
| • at AC-1   |                            |
| — up to 690 V at ambient temperature 40 °C                    | 22 A                       |
| rated value   |                            |
| — up to 690 V at ambient temperature 60 $^{\circ}\text{C}$    | 20 A                       |
| rated value   |                            |
| ● at AC-2 at 400 V rated value                                | 9 A                        |
| ● at AC-3   |                            |
| — at 400 V rated value  | 9 A                        |
| — at 500 V rated value  | 7.7 A                      |
| — at 690 V rated value  | 6.7 A                      |
| Connectable conductor cross-section in main circuit at AC-1   |                            |
| • at 60 °C minimum permissible                                | 2.5 mm²                    |
| • at 40 °C minimum permissible                                | 4 mm²                      |
| Operating current for approx. 200000 operating cycles at AC-4 |                            |
| • at 400 V rated value  | 4.1 A                      |
| at 690 V rated value  | 3.3 A                      |
| Operating current   |                            |
| • at 1 current path at DC-1                                   |                            |
| — at 24 V rated value   | 20 A                       |
| — at 110 V rated value  | 2.1 A                      |
|   |                            |

| — at 220 V rated value   | 0.8 A  |
|--|--------|
| — at 440 V rated value   | 0.6 A  |
| — at 600 V rated value   | 0.6 A  |
| <ul> <li>with 2 current paths in series at DC-1</li> </ul>         |        |
| — at 24 V rated value  | 20 A   |
| — at 110 V rated value   | 12 A   |
| — at 220 V rated value   | 1.6 A  |
| — at 440 V rated value   | 0.8 A  |
| — at 600 V rated value   | 0.7 A  |
| <ul> <li>with 3 current paths in series at DC-1</li> </ul>         |        |
| — at 24 V rated value  | 20 A   |
| — at 110 V rated value   | 20 A   |
| — at 220 V rated value   | 20 A   |
| — at 440 V rated value   | 1.3 A  |
| — at 600 V rated value   | 1 A    |
| Operating current  |        |
| • at 1 current path at DC-3 at DC-5                                |        |
| — at 24 V rated value  | 20 A   |
| — at 110 V rated value   | 0.1 A  |
| <ul> <li>with 2 current paths in series at DC-3 at DC-5</li> </ul> |        |
| — at 24 V rated value  | 20 A   |
| — at 110 V rated value   | 0.35 A |
| • with 3 current paths in series at DC-3 at DC-5                   |        |
| — at 24 V rated value  | 20 A   |
| — at 110 V rated value   | 20 A   |
| — at 220 V rated value   | 1.5 A  |
| — at 440 V rated value   | 0.2 A  |
| — at 600 V rated value   | 0.2 A  |
| Operating power  |        |
| ● at AC-1  |        |
| — at 230 V rated value   | 7.5 kW |
| — at 230 V at 60 °C rated value                                    | 7.5 kW |
| — at 400 V rated value   | 13 kW  |
| — at 400 V at 60 °C rated value                                    | 13 kW  |
| — at 690 V rated value   | 22 kW  |
| — at 690 V at 60 °C rated value                                    | 22 kW  |
| • at AC-2 at 400 V rated value                                     | 4 kW   |
| • at AC-3  |        |
| — at 230 V rated value   | 2.2 kW |
| — at 400 V rated value   | 4 kW   |
| — at 690 V rated value   | 5.5 kW |

| Operating power for approx. 200000 operating cycles at AC-4 |            |
|---|------------|
| • at 400 V rated value                                      | 2 kW       |
| • at 690 V rated value                                      | 2.5 kW     |
| Thermal short-time current limited to 10 s                  | 72 A       |
| Power loss [W] at AC-3 at 400 V for rated value of          | 0.7 W      |
| the operating current per conductor                         |            |
| No-load switching frequency                                 |            |
| • at DC   | 10 000 1/h |
| Operating frequency   |            |
| • at AC-1 maximum   | 1 000 1/h  |
| • at AC-2 maximum   | 750 1/h    |
| • at AC-3 maximum   | 750 1/h    |
| • at AC-4 maximum   | 250 1/h    |
| Control circuit/ Control                                    |            |
| Type of voltage of the control supply voltage               | DC         |
| Control supply voltage at DC                                |            |
| • rated value   | 24 V       |
| Closing power of magnet coil at DC                          | 4 W        |
| Holding power of magnet coil at DC                          | 4 W        |
| Closing delay   |            |
| • at DC   | 30 100 ms  |
| Opening delay   |            |
| • at DC   | 7 13 ms    |
| Arcing time   | 10 15 ms   |
| Residual current of the electronics for control with        |            |
| signal <0>  |            |
| <ul> <li>at AC at 230 V maximum permissible</li> </ul>      | 3 mA       |
| <ul> <li>at DC at 24 V maximum permissible</li> </ul>       | 10 mA      |
| Auxiliary circuit   |            |
| Number of NC contacts                                       |            |
| • for auxiliary contacts                                    |            |
| — instantaneous contact                                     | 1          |
| Operating current at AC-12 maximum                          | 10 A       |
| Operating current at AC-15                                  |            |
| • at 230 V rated value                                      | 10 A       |
| ● at 400 V rated value                                      | 3 A        |
| • at 500 V rated value                                      | 2 A        |
| • at 690 V rated value                                      | 1 A        |
|   | I A        |
| Operating current at DC-12                                  |            |
| Operating current at DC-12  • at 24 V rated value           | 10 A       |

| • at 60 V rated value                            | 6 A   |
|--|---|
| • at 110 V rated value                           | 3 A   |
| • at 125 V rated value                           | 2 A   |
| • at 220 V rated value                           | 1 A   |
| • at 600 V rated value                           | 0.15 A  |
| Operating current at DC-13                       |   |
| • at 24 V rated value                            | 10 A  |
| • at 48 V rated value                            | 2 A   |
| • at 60 V rated value                            | 2 A   |
| • at 110 V rated value                           | 1 A   |
| • at 125 V rated value                           | 0.9 A   |
| • at 220 V rated value                           | 0.3 A   |
| • at 600 V rated value                           | 0.1 A   |
| Contact reliability of auxiliary contacts        | 1 faulty switching per 100 million (17 V, 1 mA) |
| UL/CSA ratings                                   |   |
| Full-load current (FLA) for three-phase AC motor |   |
| • at 480 V rated value                           | 7.6 A   |
| • at 600 V rated value                           | 9 A   |
| Vielded mechanical performance [hn]              |   |

| UL/CSA ratings                                       |             |
|--|-------------|
| Full-load current (FLA) for three-phase AC motor     |             |
| • at 480 V rated value                               | 7.6 A       |
| • at 600 V rated value                               | 9 A         |
