## **ISOLATOR 63A DOUBLE POLE**

Similar to image

| Technical data:  |    |                     |
|--|----|---------------------|
| Mounting depth   | mm | 70                  |
| Operating voltage / rated value                            | V  | 440                 |
| Operating current / rated value                            | Α  | 63                  |
| Type of voltage  |    | AC                  |
| Number of poles  |    | 2                   |
| Breaking capacity current / rated value                    | kA | 0.196               |
| Resistance against short-circuit current                   | kA | 10                  |
| Design of the switching function                           |    | Switch disconnector |
| Number of width units                                      |    | 2                   |
| Number of NC contacts                                      |    | 0                   |
| Number of NO contacts                                      |    | 2                   |
| Number of change-over switches                             |    | 0                   |
| Product component / Signal lamp                            |    | No                  |
| Product function / positive opening (acc. to DIN VDE 0113) |    | No                  |

# Certificates/approvals:

#### General Product Approval

#### **Declaration of Conformity**
