REMOTE SWITCH WITH 2 NO CONTACT FOR AC 230, 400V 16A CONTROL AC 115V  $\,$ 

### Similar to image

| Technical data:   |    |                   |
|---|----|-------------------|
| Latching relay design   |    | Mechanical switch |
| Type of mounting  |    | DIN rail          |
| Number of NC contacts   |    | 0                 |
| Number of NO contacts   |    | 2                 |
| Number of change-over switches  |    | 0                 |
| Width of opening / of contacts  | mm | 1.2               |
| Stipulated clearance to live parts  | mm | 6                 |
| Switching current / with AC / per contact / minimum                           | mA | 100               |
| Switching voltage / of contacts / with AC / minimum                           | V  | 10                |
| type of voltage   |    | AC                |
| Type of voltage / of control voltage_1  |    | AC                |
| Control voltage/ _1 / final value   |    |                   |
| • initial value   | V  | 92                |
| •   | V  | 126.5             |
| • setpoint  | V  | 115               |
| Operating range factor control supply voltage rated value / at 50 Hz / for AC |    |                   |
| • initial value   |    | 0.8               |

| • final value   |     | 1.1                             |
|---|-----|---------------------------------|
| Supply voltage  | V   | 250 400                         |
| Breaking capacity current   |     |                                 |
| • nominal value   | Α   | 16                              |
| • at cos phi 0.6  | Α   | 16                              |
| Switching capacity real power / for filament lamp load                          | W   | 2,000                           |
| Switching capacity apparent power   |     |                                 |
| for uncorrected fluorescent lamp load   | V-A | 500                             |
| <ul> <li>for fluorescent lamp load with DUO circuit</li> </ul>                  | V-A | 900                             |
| • for fluorescent lamp load with parallel compensation                          | V-A | 400                             |
| Control voltage frequency / _1  |     |                                 |
| • initial value   | Hz  | 50                              |
| • final value   | Hz  | 50                              |
| Impulse voltage resistance / rated value  | kV  | 4                               |
| Apparent power loss / of magnet coil / with pulse / rated value                 | V-A | 7                               |
| Active power loss / at 16 A / per contact / rated value                         | W   | 1.2                             |
| Number of pitch units for width   |     | 1                               |
| Product function / direct operation   |     | Yes                             |
| Product component / switch position indicator                                   |     | Yes                             |
| Mounting height   | mm  | 90                              |
| Mounting depth  | mm  | 70                              |
| Galvanic isolation / between magnet coil and contact                            |     | Yes                             |
| Pulse duration / minimum  | ms  | 50                              |
| Electrical endurance (operating cycles)   |     | 50,000                          |
| Number of terminals   |     | 6                               |
| Conductor cross section that can be connected                                   |     |                                 |
| • for rigid conductor   | mm² | 1.5 6                           |
| Conductor cross section that can be connected / for flexible conductor          |     |                                 |
| with wire end processing  | mm² | 1 6                             |
| Ambient temperature / with relative humidity 95% / in accordance with DIN 50015 | °C  | 35                              |
| Ambient temperature   | °C  | -10 +40                         |
| Protection class IP   |     | IP20, with connected conductors |
| mounting position   |     | any                             |
